The Tempus Public Foundation (hereunder: Public Foundation), according to the authorisation by the Government Decree 285/2013 (26.07) on Stipendium Hungaricum (hereunder: Gov. Decree SH), has issued the following regulations -- in order to implement the Stipendium Hungaricum programme (hereunder: SH programme).

I. General introduction

Stipendium Hungaricum is a scholarship programme, founded by the Government of Hungary in the spirit of its foreign policy "Opening to the East and the South". The programme was brought to life by the Government Decree 285/2013 (26.07), amended by the Government Decree 81/2015. (31.03).

The education policy objective of the Stipendium Hungaricum programme is – in line with the directives of the European Union and the European Higher Education Area – to promote the internationalisation and the quality development of Hungarian higher education, to reinforce the international relations of the Hungarian scientific elite, to increase the diversity of Hungarian higher education institutions and to promote the competitive Hungarian higher education in the world.

The foreign and economic policy objective of the programme is to establish the personal and professional attachment of foreign students who graduate in Hungary, to potentially promote that they convey and help the understanding of Hungarian particularities and interests among the elite of their countries, hereby establishing a social capital needed to the development of Hungarian economic relations and to the support of the market access efforts of Hungary in the specific country. It is not a negligible fact that the presence of foreign students also has a positive impact on the economic development of the specific town or region.

At the same time, the programme contributes to the promotion of the Hungarian language and culture, since some of the students begin their studies in Hungarian after a one-year preparatory programme.

I.1. The objective and the scope of the regulations

The objective of the regulations is – as a complement to the Gov. Decree SH – to define the operation of the programme and the rules indispensable to the operation of the programme.

I.2. The structure of the programme

I.2.1. The programme consists of two parts:

- a) Individual applications: Stipendium Hungaricum Scholarships

According to the international agreements between the ministries responsible for education, each participating partner is entitled to nominate students for a defined quota of Stipendium Hungaricum Scholarships. The students are entitled to attend a part-time or a full-time programme in the study fields fixed in the agreement, according to the details under point I.2. b).

- b) Institutional applications: Programmes and preparatory studies in higher education

I.2.2. The students applying for the Stipendium Hungaricum Scholarship can only be admitted to

- a) bachelor, master (one-tier master) or doctoral programmes,
- b) preparatory or specialisation programmes before or after bachelor and master programmes in case of music programmes and
- c) Hungarian language higher education preparatory studies,

where the higher education institutions successfully submitted their applications in order to accept Stipendium Hungaricum Scholarship holders.

I.3. References

Concerning the areas not covered by the regulations, the normatives are the laws, specifically the Act on National Higher Education 204/2011 (hereunder: ANHE), the Government Decree 285/2013 (26.07) on Stipendium Hungaricum, the Government Decree 51/2007 (26.03) on the provisions to and the fees payable by students in higher education, as well as the Articles of Association, the Organizational and Operational Regulations, the other rules and the director's instructions of the Tempus Public Foundation, specifically including: the ethical code, the records management rules, the data protection rules, the complaints handling rules, the director's instructions on handling exceptions, the audit manual, the order of providing information related to evaluation results and the obligation of publishing.

II. Institutional applications: programmes and preparatory studies for higher education

II.1. The principles of institutional applications and the order of the selection procedure

II.1.1 Only the programmes held in Hungarian or in foreign languages at higher education institutions working in Hungary and maintained by the state or by churches recognized by the government are entitled to participate in the Stipendium Hungaricum programme.

II.1.2 As far as the programmes applications are concerned, institutions are entitled to apply with bachelor, master (one-tier master) and doctoral programmes, which belong to the Hungarian education system and are accredited in Hungary. The programme to be launched in a foreign language must be registered by the Educational Authority, insofar as the institution has the sufficient capacity for the programme to be launched in a foreign language, based on its licence.

II.1.3 Applications can also be submitted to preparatory or specialisation programmes before or after bachelor and master programmes in the case of music programmes.

II.1.4 Besides the Balassi Institute, higher education institutions are also entitled to submit applications for higher education preparatory programmes in Hungarian.

II.1.5 After higher education preparatory studies in Hungarian and a successful entrance examination, the scholarship holders are entitled to attend bachelor or one-tier master programmes in Hungarian.

II.1.6 The programmes in Hungarian launched by higher education institutions defined by point II.1.1 and registered by the Educational Authority are entitled to participate in the programme without any specific application.

II.1.7 The institutions which successfully apply for admitting Stipendium Hungaricum scholarship holders, receive the tuition fees of the scholarship holders. The tuition fees of each programme in a foreign language is provided by the institution with price ranges in their application, that is tuition fees may change depending on the number of students admitted to the programme. In the case of a programme in Hungarian, the tuition fees are equal to those published in the admission prospectus.

II.2. The order of the preparation and the announcement of the call for applications

II.2.1. The call for institutional applications is prepared by the Unit for the Stipendium Hungaricum Programme at the Tempus Public Foundation (hereunder: SH Unit). The call contains the application requirements, the deadline of submitting the applications, the score system used during the evaluation process and the obligations of institutions participating in the programme. The call for applications is sent by the SH Unit to the competent (international, higher education) departments of the ministry responsible for education (hereunder: MHC¹) for consultancy. Taking the opinions into consideration, the finalized call for applications is discussed and approved by the Board of Trustees of the Tempus Public Foundation.

II.2.2. The SH Unit sends the call for applications to higher education institutions working in Hungary and maintained by the state or by churches recognized by the government and also promotes the opportunity of the application.

II.3. The order of the selection procedure

II.3.1 Different selection criteria apply to bachelor, master and doctoral programmes in foreign languages, as well as to the preparatory programmes in Hungarian.

II.3.2 Institutional applications go through formal and professional evaluations. The formal evaluation of institutional applications and the professional evaluation of bachelor, master and doctoral programmes is performed by the staff of the Unit for the Stipendium Hungaricum Programme.

The final score of the application is the average of the added up scores given by the two experts. A third expert must be appointed to evaluate the application in case there is a higher than 30% difference between the scores given by the two experts.

II.3.7 The decision on funded programmes is made by the Board of Trustees of the Tempus Public Foundation on the basis of the formal and the professional evaluations. During the decision-making procedure on the applications, the Board may set up a threshold on the basis of the scores given by the professional evaluations. There is no possibility to appeal against the decisions – neither for fairness, nor for any other reason. The applicant may file a complaint if s/he presumes a procedural error.

II.3.8 The selection principles and criteria regarding the call for applications for the academic year 2017-2018 must be submitted to the Board of Trustees of the Tempus Public Foundation until 31 March 2016 after an extensive consultation.

III. Student applications and the order of selection

III.1. The principles of student applications

III.1.1. Citizens of those Sending Partners are entitled to submit applications whose ministries responsible for higher education signed a bilateral education agreement with the ministry responsible for education in Hungary on the basis of the Gov. Decree SH. Applications are accepted on those levels of study and in those fields of study that are specified in the specific agreements, but only for institutions and programmes, which succeeded in their institutional applications or meet the requirements of point II.1.6.

III.1.2. Applications submitted to institutions and programmes that are not supported in the institutional applications are invalid. Applicants can choose max. three programmes from max. three different institutions, specifying the priorities of their applications. This order of preference cannot be changed after the submission of the application.

III.1.3. According to the Gov. Decree SH, those applicants are entitled to receive a scholarship who are nominated by the Sending Partner on the basis of the education agreements and who sign a scholarship agreement after being awarded the scholarship and who have not yet received a scholarship on that level of studies in the programme.

III.1.4. In the case of student applications, it is only possible to submit missing application documents beyond the deadline if the documents attesting the required qualifications or language proficiency are not available at the time of the application (e.g. the applicant to the bachelor programme has not yet graduated from secondary school or the applicant to the master programme has not yet received a bachelor degree). The deadline of submitting the missing documents is the same as the deadline of accepting the scholarship by the student.

III.2. The order of the preparation and the announcement of the call for applications

III.2.1. The call for student applications is prepared by the unit of the Tempus Public Foundation responsible for the Stipendium Hungaricum on the basis of the concluded bilateral education agreements in effect. The call contains the application requirements, the deadline of submitting the applications, the levels and study fields that can be applied for according to the agreements signed with the Sending Partners, the evaluation system, the amount of the scholarship and the obligations of the applicants who receive the scholarship. Consequently, the call for applications is sent to the competent (international and higher education) departments of the Ministry of Human Capacities (MHC) for consultation. After taking the opinions into consideration, the finalized call for application is discussed and approved by the Board of Trustees of the Tempus Public Foundation.

III.2.2. The SH Unit sends the call for applications to the competent foreign authorities and to the higher education institutions participating in the programme and promotes the opportunity of application.

III.3. The order of the selection procedure

III.3.1. Applicants shall submit their applications on the specifically created website (www.stipendiumhungaricum.hu) online.

III.3.2. The SH Unit performs the formal check of the applications received. Since there is no possibility to submit any required documents beyond the deadline – except in the cases specified under point III.1.4 – incomplete applications, those arriving after the deadline, not meeting the application requirements or not in line with the specific cooperation programmes are automatically rejected.

III.3.3. The SH Unit sends the documents of the students who submit formally adequate applications to the foreign partner authorities for nomination.

III.3.4. The foreign partner organisations prepare their own ranking until the given deadline, and they send back a nomination list to the SH Unit. The list of nominees must not include the name of any student who did not submit a valid (formally adequate) online application. It is recommended to prepare a reserve list with regard to potential cancellations and withdrawals, but the number of students on this list must not exceed 20% of the available number of scholarships.

III.3.5. If the foreign partner's nomination list provides a ranking of students according to levels of study, the SH Unit will take it into consideration in the following order: applicants nominated for doctoral programmes, applicants nominated for master programmes, applicants nominated for bachelor and preparatory programmes.

III.3.6. Nomination lists arriving after the deadline will be forwarded by the Tempus Public Foundation to higher education institutions only if there is still time available for the admission procedures.

III.3.7. The SH Unit contacts the higher education institutions concerned and forwards the documents of students applying for full-time programmes and partial studies for the admission procedure, marking how the students ranked the institutions in their priority list.

III.3.8 In the case of students applying for partial studies, the selected host institution must indicate its readiness to accept students to the Tempus Public Foundation according to the institutional agreements (institution's acceptance letter).

III.3.9. The institutions conduct their admission procedures until the specified deadline according to the Act on National Higher Education (ANHE) and their own internal regulations. The final result of the procedure and the evaluation is recalculated to scores ranging from 0 to 100 and sent to the SH Unit until the specified deadline. The final result of the procedure can be "accepted", "rejected" or "conditionally accepted". Only those students can be accepted conditionally who cannot present the documents proving their qualifications or language proficiency during the procedure due to other ongoing procedures.

III.3.10 The institution is not entitled to charge the applying students any fees for the admission procedure. The institution may finance the costs of the admission procedure from the tuition fees of the students admitted to the programmes.

III.3.11. The SH Unit will allocate the accepted and conditionally accepted students according to the following criteria in the undermentioned sequence:

III.3.11.1 A category must be set up for applicants who can be supported on the basis of meeting the requirements of the bilateral education agreements (total quotas, quotas according to levels of study and fields of science) and another category for applicants beyond the quota.

III.3.11.2 In the case of the applicants who can be supported, the capacity of the programme must be taken into account on the basis of the institution's application as a second stage (minimum and maximum capacity).

- a) Digression is allowed from the minimum and maximum capacity specified in the institution's application according to the institution's indication.
- b) During the capacity examination, the candidates with the higher ranking must be given priority and the admission exam scores will be decisive in case of equal ranking.
- c) After the capacity examination, the applicants will be divided into a category of students recommended for support and another category of students to be regrouped due to capacity shortage.

III.3.11.3 The applicants who are to be regrouped due to a capacity shortage must be regrouped to the programmes specified as the second or third preferences in the student applications, if the applicant was admitted there and the programme meets the requirements of the bilateral agreements (quotas of the fields of science) and there is free capacity in that programme.

III.3.11.4 If the applicant who is to be regrouped does not even get into the category recommended for support as the second or third preference, the SH Unit forwards the application with the admission exam results of the given programme to another similar programme at an institution funded by the programme, if there is free capacity there.

III.3.11.5 The application must be rejected, if the applicant who is to be regrouped cannot be given a free place in any of these programmes. This applicant must be replaced by the next nominee in the ranking from the group of students who originally applied beyond the capacities. In this case, the procedures described under points III.3.11.2 to 5 must be followed.

III.3.12. If the available funds are insufficient, the list of applicants belonging to the category recommended for support can be restricted according to the ranking of the nominated candidates.

III.3.13. The proposal is presented by the SH Unit to the Board of Trustees of the Tempus Public Foundation. The awarding of scholarships is decided by the Board of Trustees of the Tempus Public Foundation. No appeal will be considered against the decision of the Board of Trustees.

III.3.14. The SH Unit informs the Ministry of Human Capacities (MHC) about the decision of the Board of Trustees, the candidates for scholarship, the foreign partner authorities and the host institutions. The list of scholarship holders is sent by the SH Unit to the Office of Immigration and Nationality, the Consular Department of the Ministry of Foreign Affairs and Trade and the embassies in order to facilitate their entry to Hungary.

III.3.15. After the decision on the allocation of students is made, the location of the programme of the applicant can only be changed in justified cases (e.g. the programme is not launched),

considering the sequence of applications, the bilateral education agreements, the capacity of the programmes and the available funding. If the order of preference cannot be taken into consideration, the original host institution of the scholarship holder may send the applicant to one of its other programmes participating in the programme with the consent of the applicant. The recategorization requires a decision from the Unit for the Stipendium Hungaricum Programme at the Tempus Public Foundation.

III.4. The admission procedure of scholarship holders attending a Hungarian language preparatory or a bachelor programme

III.4.1 Scholarship holders who successfully complete the higher education preparatory programme in Hungarian are entitled to mark one programme corresponding to the specialisation of the preparatory or bachelor programme in up to three institutions until the given deadline.

III.4.2 The admission procedure is conducted by the institutions until the given deadline. The final results of the procedure and the evaluation is recalculated to scores ranging from 0 to 100 and sent to the SH Unit. The final result of the procedure can be “accepted”, “rejected” or “conditionally accepted”. Only those students can be accepted conditionally who cannot present the documents proving their qualifications or language proficiency during the procedure due to other ongoing procedures.

III.4.3 Scholarship holders are entitled to continue their studies in a programme which they are admitted to and which has a higher ranking in their applications. Enrolled students have a continuous scholarship holder status, it does not require a special decision by the Board of Trustees.

III.4.4 The scholarship holder status is terminated if the scholarship holder is not admitted to any of the programmes specified in his/her application after the preparatory programme.

IV. Rules applying to scholarship holders

IV.1. The acceptance of the scholarship (online)

IV.1. 1 Scholarship candidates indicate in the online system, whether they accept the scholarship and whether they provide further documents as their possible obligation under point III.1.4. Applicants who do not accept their scholarship until the deadline are qualified as withdrawn from the scholarship.

IV.1.2 The applicant who was awarded the scholarship is entitled to enjoy a student status in the semester which s/he was admitted to as a result of the admission procedure, except if the scholarship holder's request for postponement according to IV.5.1 is approved.

IV.1.3 The scholarship holder who does not enrol within 30 days after the beginning of the school year/semester or until the deadline given by the host institution loses his/her scholarship.

IV.1.4 In a justified case, the scholarship holder is entitled to request the postponement of his studies with the scholarship until the deadline specified under IV.1.3 with up to one year.

IV.1.5 The scholarship holder shall inform the Stipendium Hungaricum coordinator of the Hungarian higher education institution in advance about his/her expected date of arrival.

IV.2. The monthly amount of the scholarship

IV.2.1 The amount of scholarship paid to the students is adjusted to the current financial standards of students according to the legislation in force, including the government decree 51/2007 (26.03) on the benefits paid to and the fees to be paid by the students in higher education.

IV.2.2. According to the legislation in force, on the issued date (19 October 2015) of this regulation:

The scholarship for a full-time programme covers the full calendar year and is provided until the completion of the studies in the last year. The scholarship for partial studies covers the duration of the partial studies. The amount of scholarship is transferred by the higher education institution to the student. The amount of the scholarship is HUF 40 460 for students in bachelor and master programmes and HUF 140 000 for students in doctoral programmes.

The visa administration and the extension of the residence permit is free of charge for scholarship holders (individuals who have the right to free movement and residence, as well as the citizens of third countries who study in Hungary with a Hungarian government scholarship or with a regular study allowance from the minister responsible for education are exempt from paying administration service charges according to point 2) c) of paragraph 5 of the Decree 28/2007 /31.05/ of the Ministry of Justice and Law Enforcement on the charges of administration related to the entry and residence of individuals who have the right to free movement and residence, as well as the citizens of third countries).

The scholarship includes the following benefits:

- a) exemption from paying tuition fees;
- b) student hostel room/bed depending on the capacity of the higher education institution or HUF 30,000/month accommodation allowance for 12 months of the year during the whole period of full-time programmes or for the duration of the partial studies;
- c) health care services defined by point i) of section (1) of paragraph 16 of the Act 53/1997 on the Eligibility for Social Security Benefits and Private Pensions and the Funding for These Services, as well as the reimbursement of the costs justified in case of health care services in a foreign language (e.g. interpreting) and an additional insurance for health care services in a foreign language for up to HUF 65,000/year.

IV.2.3 The services available free of charge for students holding a Stipendium Hungaricum scholarship are regulated by paragraph 81 of the Act on National Higher Education.

IV.2.4 The scholarship allowance contributes to one person's costs of living and it does not provide either visa or additional benefits or administration services for the persons and family members who accompany the scholarship holder.

IV.3. The duration of the scholarship period

IV.3.1 The students receive the scholarship during the full duration of their programme, for 12 months in case of full-time programmes, but only until the completion of their studies in the last year of their study period. They are entitled to receive an accommodation allowance during their

stay and scholarship period in Hungary. The scholarship for partial studies covers the duration of the partial studies.

IV.3.2 The scholarship can only be paid to the scholarship holder if s/he has a student status.

IV.3.3 If the scholarship holder cannot complete his/her studies within the duration of the programme, s/he may submit a request for extension to the Tempus Public Foundation. The request for extension must arrive at least one month before the end of the last semester covered by the scholarship.

IV.3.4 The scholarship holder is allowed to extend his/her scholarship period during his/her bachelor, master (one-tier master) or doctoral studies in Hungary according to the relevant Hungarian laws in effect. The preparatory studies before or the specialisation programmes after the bachelor studies cannot be extended. The scholarship holder receives the same benefits during the extension period. The extension of the scholarship must be approved by the Tempus Public Foundation. The following documents must be submitted: a request signed by the scholarship holder, explaining why s/he needs the extension; a copy of the student's transcript of records; the Hungarian higher education institution's written statement about the extension; and the sending partner's written statement about the extension.

IV.3.4 The requests for extension are decided about by the Unit for the Stipendium Hungaricum Programme depending on the available funds.

IV.4. The scholarship agreement and its modification

IV.4.1. The scholarship holder signs an agreement with the host institution according to the sample agreement in Annex 4 of the regulations.

IV.4.2 The scholarship agreement must contain:

- a) the duration of the studies specified in the qualification framework of the subject and the duration of the preparatory programme according to point d) of section 2) of paragraph 80 of the Act on National Higher Education;
- b) the monthly amount of the scholarship and the date and way of disbursement;
- c) the order of acceptance by another higher education institution;
- d) the approval of data management;
- e) the condition that the scholarship agreement comes into force on the date when the scholarship holder's student status begins;
- f) the order of interrupting higher education studies.

IV.4.3 The scholarship agreement is terminated – with the exception of the case in point a) of section 1) of paragraph 59 of the Act on National Higher Education – when the scholarship holder's student status comes to an end.

IV.4.4 The scholarship agreement can be modified with the accord of the parties, following the decision of the Tempus Public Foundation. The agreement must be modified in all cases when its content is changed, e.g. change of major, extension or change of the study period.

IV.4.5 The scholarship holder is obliged to establish and maintain a student status with the higher education institution indicated in the decision of admission during the period when the scholarship is disbursed according to the conditions of the scholarship agreement.

IV.4.6 The scholarship cannot be disbursed any more, when the scholarship holder's student status is terminated. When the scholarship holder interrupts his/her student status, the scholarship cannot be disbursed and the benefits of scholarship cannot be provided during the period of interruption.

IV.5. The postponement of the enrolment

IV.5.1 If the scholarship holder cannot arrive in Hungary in time (due to visa, family problems or any other reason), s/he may request a permission to start his/her studies in a later semester. The written request must be sent to the SH Unit of the Tempus Public Foundation. The student is allowed to start his/her studies in a later semester specified by the higher education institution, if the host higher education institution and the sending partner approve of the postponement.

IV.5.2 The requests for postponement are decided on by the SH Unit.

IV.5.3 Those students who have already arrived in Hungary and enrolled in a higher education institution are not entitled to request any postponement. A postponement can be requested only once and only for one school year as a maximum. The student automatically loses the scholarship, if s/he does not indicate his/her intention of postponement within 30 days after the start of the school year/semester or until the enrolment deadline specified by the institution at the latest.

IV.6. Interrupting studies

IV.6.1 If the student interrupts his/her studies during the study period according to the conditions specified by the study and examination regulations of the higher education institution, that semester is qualified as a passive semester and s/he is not entitled to receive the scholarship or the benefits of the scholarship for that semester. The Tempus Public Foundation and the host higher education institution have no obligation concerning the support of the student during this period.

IV.6.2 Every issue related to the process of interrupting studies must be handled according to the provisions of the relevant Hungarian law in effect, as well as the study and examination regulations of the higher education institution.

IV.6.3 The higher education institution shall inform the Office of Immigration and Nationality and the Tempus Public Foundation about the passive status of the scholarship holder.

IV.7. Changing institutions and majors

IV.7.1. The host institution and/or the majors within the institution can be changed only once after submitting a special student request. The deadline of submitting the requests to the Tempus Public Foundation is 15 December and 15 August in every school year.

IV.7.2 Institutions can be changed only at the end of the semester, so that the scholarship holder could start the next semester in the new institution.

IV.7.3 Majors can be changed only within one year after beginning the studies leading to a university degree. The request—if it is relevant—must also include the extension of the studies with the scholarship. The allocation decision regarding the student at his/her entry to the programme and

after the preparatory programme cannot be altered by the student's request to change institutions or majors, except point III.3.15.

IV.7.4 The teaching language can be changed only in exceptional cases from Hungarian to a foreign language, as fairness on individual basis with the approval of the Tempus Public Foundation.

IV.7.5 Documents to be submitted for changing institutions and/or majors: a request signed by the student, a letter of acceptance by the future host institution, a written statement by the present institution; a written statement by the sending partner. The student must submit the request for changing institutions and/or majors with the compulsory annexes to the SH Unit online.

IV.7.6 The change of institutions and/or majors is judged by the SH Unit based on the submitted documents, the cooperation programmes in effect and the available funds from the central budget. Requests which are not in line with the cooperation programmes in effect or are not backed by the sending partner cannot be supported, except if the sending partner is inaccessible.

IV.7.7 The scholarship holder must seek a new programme or higher education institution and gather the required documents on his/her own. The costs of the preparation and the submission of the student request for changing institutions and/or majors and the process of changing institutions and/or majors (e.g. administration fees of the institution) are exclusively incurred by the student.

IV.7.8 Students cannot appeal after the decision is made on the request for changing institutions and/or majors.

IV.8. Withdrawal from the scholarship

IV.8.1 If the scholarship holder withdraws from the scholarship after the application process or after being awarded the scholarship or renounces from the scholarship before the completion of his/her studies, s/he must immediately inform the sending partner, the SH Unit of the Tempus Public Foundation and the Hungarian higher education institution in writing.

IV.8.2 The Office of Immigration and Nationality is informed by the higher education institution about the withdrawal.

IV.9. Double financing and other scholarships

IV.9.1 The applicant is not eligible to receive the Stipendium Hungaricum scholarship in case s/he has another concurrent scholarship from the Hungarian central budget. If the scholarship holder was awarded more than one scholarship, s/he has to choose one of the scholarships and renounce from the other ones.

IV.9.2 Regarding the fact that the Stipendium Hungaricum scholarship covers studies in Hungary, the scholarship holder is not entitled to use financial support for doing programmes or partial studies outside Hungary, e.g. Erasmus + and CEEPUS.

V. Rules applying to institutions

V.1. Obligations of reporting and supplying data

V.1.1. The institution is obliged to send the data of Stipendium Hungaricum scholarship holders studying in that semester at the institution to the Office of Immigration and Nationality and to the National Health Insurance Fund through the Educational Authority in order to prepare their social security cards.

V.1.2. The institution keeps in regular contact with the Tempus Public Foundation.

V.1.3. The institution sends the list of enrolled scholarship students to the Public Foundation at the beginning of each semester.

V.1.4. The institution immediately informs the Tempus Public Foundation in the following cases:
